

FOCUS, the Fellowship of Christians in Universities and Schools, is an interdenominational youth ministry established in a dozen areas along the east coast and in San Francisco. For more than six decades, FOCUS has given independent school students in grades 6-12 the opportunity to explore traditional Christian faith and values in a forum that is fun, intellectually stimulating, and non-coercive. During the school year, FOCUS pursues this goal through area-based activities and discipleship, both one-on-one and in small groups. From May through August, we offer a variety of Summer Programs, most of which take place at our Martha's Vineyard Study Center.

Position Description
